***THE RECEIVE AMOUNT AND EXCHANGE RATE ARE ONLY ESTIMATES**, except for payouts in US Dollars. For non-US Dollar payouts the Receive Amount and Exchange Rate will be set, at the discretion of MoneyGram, either: when the Transfer is made available to your Receiver; or when your Receiver actually collects the Transfer. Your Transfer will not be sent until funds have settled and MoneyGram has received "good funds" from you, which will usually occur three (3) business days from the date above, provided the time shown above is before 4:00 PM Central Time. The actual exchange rate that will be applied may be affected by political, economic and other conditions in the Receiving Country. Representatives within a country may not apply a uniform currency exchange rate and, as such, the currency exchange rate may vary based upon the Location selected by Receiver.

CURRENCY EXCHANGE. In addition to the Consumer Fee, MoneyGram also makes money when it changes your dollars into foreign currency. Please see the [Terms & Conditions](#) for eMoneyTransfer Transfers that can be reached by clicking the link on the website. Please click the "eMoney Transfer Estimator" link, for information concerning the currency exchange rate applicable to your Transfer.
